

Corns Come Off Like Banana Peel

Wonderful, Simple "Gels-It" Never Fails to Remove Any Corn Easily.

"Wouldn't it be just what I need? I've been going along for years, with one corn after another, trying to get rid of them with knives that

Hesitate! Use Sure "Gels-It" for Those Corns and Save Your Life and Your Feet!

eat off the toes, tapes that stick to the stockings, bandages and plasters that make a package of the toes, trying blood-bringing razors and scissors. Then I tried "Gels-It" just once and you ought to have seen that corn come off—just like a banana peel! It's simple, wonderful. It's the new way, painless, applied in two seconds, never hurts healthy flesh or irritates. Nothing to press on the corn. Never fails. Cuts the old ways for once anyway and try "Gels-It" tonight. For corns, calluses, warts and bunions. "Gels-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Grants Pass and recommended as the world's best corn remedy by Geo. C. Sabin.

STARS AND STRIPES WILL NOT PROTECT

(By United Press Leased Wire.)

London, Feb. 19.—Germany must disregard neutral rights in fighting for her own salvation unless the allies soon agree to peace, the Times today quoted Maximilian Harden, a foremost German writer, as declaring in Die Zukunft, publication of which has been resumed under government permit.

"If England yearns for proof that we can wound her heart with submarines and aircraft, and if she will not discuss peace until this has been proved," the Times quoted Harden, "the United States must reconcile itself to the conviction that no further hesitation will cripple our submarine warfare and no stars and stripes will protect a ship in the war zone."

He declared Germany would have been content with defensive measures six months ago, but that now she dare not wait upon such a course, but instead must pursue an offensive to prevent her own extinction.

In this connection, he wrote that while Germany's economic position is not yet embarrassing, other harvests and fresh supplies of raw materials will become increasingly difficult to obtain if Germany does not reach out for fresh conquests and strike heavily.

"There is still a short space of time in which Germany might come to terms," he said. "These peace offers might include a little disarmament, a little international socialism and a little proposal to pool war expenses. If these proposals are refused, Germany will have paid the last debt she owes the world and humanity, and can proceed to be more frightful than even her enemies accuse her of having been."

LA GRANDE CHINESE ON THE WAR PATH

La Grande, Feb. 19.—The only La Grande member of the Bow Leong tong is in a critical condition at the hospital today as a result of the tong war between the Hop Sings and allied tongs led by the Bow Leongs.

Determined to get revenge for the shooting of one of their members on old Eng Chon, a gardener, who for years has tried to conceal his affiliation with the Bow Leongs. Eng was shot in the leg. When he fell the Hop Sings beat him over the head with their revolvers and kicked him. Lem Quong, a young Chinese cook, is under arrest as one of Eng's assailants.

S. A. Douglas, Pastor.

FRISCO IS RAIDED

BY HIGHWAYMEN

(By United Press Leased Wire.)

San Francisco, Feb. 19.—Working

so swiftly that police were unable to

keep up with their trail, auto band-

its up to an early hour today had

committed five daring hold-ups dur-

ing the night, but gleaned only a

small amount.

Their operations culminated with

an attack upon Thomas E. O'Brien,

a candy store proprietor, whom they

battered severely. Because of

O'Brien's plucky resistance they failed

to add any cash to their haul. Just

TACOMA TO GET A BIG DRYDOCK

(By United Press Leased Wire.)

Tacoma, Feb. 19.—A great dry

dock, large enough to accommodate

even the largest dreadnaught in the

navy, costing more than a million

dollars, is planned for the near fu-

ture, through an agreement an-

nounced today between the Tacoma

Smelting company and the Metropol-

itan port board. A company is to be

formed, after the necessary permis-

sion has been obtained from the gov-

ernment for the use of a portion of

the water front of Point Defiance

park, and after the dry dock has been

completed it will be leased by the

company from the park board.

The smelting company has agreed

to build a breakwater 1,000 feet long,

using slag from its furnaces. The

park board's proposition has been

laid before Major Cavanaugh, United

States engineer for this district, at

Seattle, and he has promised to take

the matter up with the war depart-

ment for its approval of the project.
